

SOLAR ELECTRIC (PV) CONTRACTORS

Compiled by the...

The Center for ReSource Conservation (CRC) provides contact information for Front Range solar, energy efficiency and green building companies as a service to the community and as part of its mission. The CRC or its staff does not endorse any particular company over any other. The CRC offers this information as a guide to help residents make informed resource conservation decisions. If you employ any of the contractors you find on any of our lists please *let them know* where you learned about them.

What should you do now?

- Contact three to four of these companies and gather the appropriate information from each.
- Take a look at the CRC's "Selecting a Solar Contractor" information sheet to help you determine what information you should be collecting from each company. It can be found on the CRC website and at the office at 1702 Walnut Street in Boulder.
- When you contact each company tell them you received their information from the CRC.
- Let us know how it goes. We want to hear about your experiences.

CoSEIA = Colorado Solar Energy Industry Association

NATE = North American Technician Excellence
